Who We Are

SAJ (Seri Aero Jaya Sdn Bhd) is the one-stop hub for Aircraft Spare Parts , Search & Rescue , Oil & gas and Ship Spares, providing more than 600 products and services to clients worldwide.

SAJ is certified ISO:9001 we pride ourselves as an end-to-end solutions provider of world-class Safety & Survival Equipment, Aviation Products, Aircraft Components & Spares, Defense Related Equipment, and Oil & Gas Products. We also provide maintenance, repairs, and other after sales services for all of our products.

Since our incorporation in 1980, SAJ has actively grown from a pioneer in Malaysian aviation products, to a leader in the global market. We currently represent a large number of prominent, reliable and proven principals in various industries, including manufacturers, stockists and vendors from United States, Europe, Australia and the Asean region.

As a team of staff with over 20 years of combined experience, we've made our presence in many fields, and plan to further expand our products and services to other markets both locally and internationally in the near future. Our goal is to develop a great and trusting relationship with our customers, and deliver from the highest expectations, leaving you safe, satisfied, with peace of mind.

Aircraft Spare Parts

We supplies aircraft spare parts and deliver aircraft spare parts with components to our customers within shortest time possible . Our service also provide maintenance and repair .

Our regular aircraft that we can supply the spare parts is Agusta A109 , C130 , Hawk , CN235 , EC725 and other aircraft also we can provide spare parts and servicing .

We also will provide the best service and the shortest time that we can achieve for your satisfaction . Our supplier also from international company and local company which can provide the great service .

Search & Rescue

Another major industry SAJ supply is search and rescue equipment which is for Safety & survival. We currently supply global-standard safety & survival equipment from various international suppliers.

One of the main products we supply are life raft. Through our vast experience and knowledge of the field, we can help select the best safety & survival equipment for our clients according to their working environment and budget.

With successful major projects to many of our client needs under our vast portfolio, we can claim to be a reputable safety & survival supplier in the global arena.

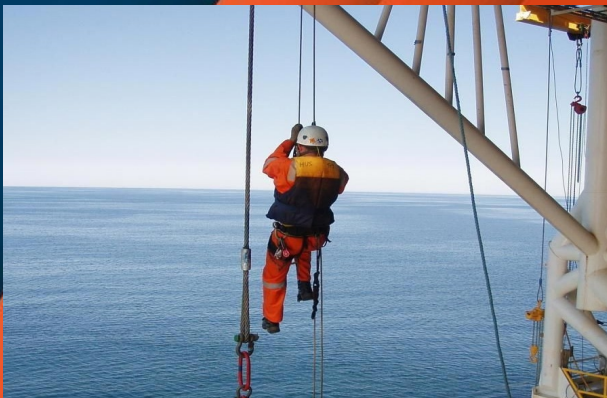

Oil & Gas

As part of our plan for global diversification, SAJ has recently expanded into the Oil & Gas sector. Our main customers currently include, but are not limited to, all profit-sharing companies (PSC) operating under Petronas Malaysia.

We have received many orders from them and their subsidiaries, and plan to further grow in this industry, to provide the global standard in Oil & Gas equipment and services.

Some of our services:

- Breathing Apparatus
- Electronics & Avionics
- Emergency Escape System
